MORE ABOUT ME...

I love the sea and windsurfing immediately stole my heart when I tried for the first time at the age of 7. I competed for 10 years at the national and international level. My best results have been a silver medal in Windsurf World Championship in 2006 and several gold medals in national competitions.

More than a windsurfer, I am now a sailor and I have fun also with waterpolo and rowing. I am an incurable traveller and love discovering new places and cultures.
